ALPINE SKIER'S AND SNOWBOARDER'S RESPONSIBILITY CODE

The Alpine Skier's and Snowboarder's Responsibility Code is officially endorsed by the Ontario Ski Resorts Association. It is important that you, your supervisors and your students become familiar with the code as there are elements of risk in skiing and snowboarding that can be reduced with some common sense and personal awareness.

Please adhere to the code listed below and share with others the responsibility for a safe outdoor experience:

1. Always stay in control. You must be able to stop or avoid other people or objects.

2. People ahead of you have the right-of-way. It is your responsibility to avoid them.
3. Do not stop where you obstruct a trail or are not visible from above.
4. Before starting downhill or merging onto a trail, look uphill and yield to others.
5. If you are involved in or witness a collision or accident, you must remain at the scene and identify yourself to the ski patrol
6. Always use proper devices to help prevent runaway equipment.
7. Observe and obey all posted signs and warnings.
8. Keep off closed trails and closed areas.
9. You must not use lifts or terrain if your ability is impaired through the use of alcohol or drugs.
10. You must have sufficient physical dexterity, ability and knowledge to safely load, ride and unload lifts. If in doubt, ask a lift attendant.

KNOW THE CODE – BE SAFETY CONCIOUS – IT IS YOUR RESPONSIBILITY

LIFT USE GUIDELINES

To ensure that all school students enjoy a good day of skiing/snowboarding it is important that they use chairlifts and surface lifts safely.

1. Only those students who receive approval from the Snow School may use the chairlifts.
2. All students must be aware and obey signs posted around the lift loading and unloading areas.
3. While waiting their turn in a lift line, students must refrain from “horseplay” and prepare themselves for loading.
4. When riding a chairlift, the restraining bar must be lowered.
5. Students must never bounce or rock chair in any way and must remain seated facing uphill at all times.
6. Students must never, under any circumstances, jump from chairs.
7. If a chair stops, remain calm and wait until it restarts.
8. When approaching an unloading area, students must not lift restraining bar until instructed to do so by posted signs.
9. When students clear the ramp, they must move away from the area quickly.
10. Any student who falls while riding a surface lift must clear the path immediately.
11. Skiing or snowboarding down a lift tow path is strictly prohibited.
12. Students must always: display their lift ticket, follow all instructions by resort staff, behave in a responsible manner, be courteous to other students, be aware of the Alpine Responsibility code and use only trails identified by the Snow School Instructor as appropriate for their ability.
13. With no exceptions to the above guidelines any and all offenders will lose their lift and trail privileges.
